

WAYNE HELIX™ 4000 FUEL DISPENSER, LATAM

The center of attention

Make an impact with the Wayne Helix™ 4000 fuel dispenser. Big and bold, with the ability to excel in any fuel retail environment, its capabilities and visual appeal will speak volumes for your forecourt.

The Helix 4000 fuel dispenser offers increased capability when compared to the smaller 1000 and 2000 models, and allows you to take advantage of multiple configurations, fuel blending, variable flow rates and improved payment options. Boosting forecourt appeal, the sleek and iconic design of the Helix 4000 dispenser allows you to stand out from the competition.

Wayne Helix 4000 fuel dispenser

Big Player, Small Profile

The Helix 4000 dispenser is built with four nozzles as standard, and has the ability to dispense two fuel grades, with the hose retraction option providing ample reach for easy refueling. As with all Helix dispensers, the 4000 model can be customized to showcase the best of your brand, with the H-style valance offering additional promotional space to really make an impact.
