

TOKHEIM FUEL POS® FUEL RETAIL SOLUTION

TAKE YOUR FUEL
BUSINESS

TO THE NEXT
LEVEL

The power of connectivity

The Tokheim Fuel POS®, Dover Fueling Solutions' industry-leading electronic point-of-sale (EPOS) system, helps you manage all aspects of your fuel and retail business. It combines an easy-to-use touchscreen interface with powerful management and analytical software tools. It allows you to connect seamlessly with all other systems on your service station including dispensers, indoor and outdoor payment, CCTV, tank level gauges, price pole-sign, back office and car wash. This level of integration makes life easier, helping to provide you and your staff with more time to better serve your customers.

1

A specialist system for smarter fuel retailing

With new equipment you want to be sure your investment is at the forefront of today's technology and right for tomorrow's fuel retailing environment. Tokheim Fuel POS is designed to interface to a range of products via internationally recognised standards to provide you with a set of integrated systems that drive better business results.

2

Reliable and secure

Tokheim Fuel POS is the preferred EPOS system for international oil companies and independents alike because its uptime is industry renowned. Your service station can rely on a solution that is fast, stable and 'future-proof'. Our payment security development meets the Payment Card Industry's (PCI) strictest requirements so you are better protected from fraud – now and in the future.

3

Integrated intelligence across your business

Tokheim Fuel POS helps you to manage your overall business more effectively. The sophisticated reporting features help you evaluate where you are doing well and areas where you may be able to improve. Available reports include workforce management, shift reports, cash management, sales activities, access control and wetstock management.

Your fuel retail solution

Tokheim Fuel POS is the industry-specialist point-of-sale solution that has been chosen by oil companies and thousands of independent service stations to help run their businesses more effectively.

USER INTERFACE

Easy for staff to use with clear icons, audible alerts, simple pop-up windows, and carefully designed touchscreen layouts.

MARKETING PROGRAMS

A range of clever applications help improve your sales including E-Vouchers, Loyalty, Discounts (coupons/vouchers), Promotions, and Fuel Bonus applications.

QUICK SERVICE RESTAURANT (QSR)

Tokheim Fuel POS is not all about fuel and shop items. A feature-rich QSR application provides you with a powerful solution for food and drinks that includes restaurant menus and table management functions.

FORECOURT CONTROL

Connect to all types of fuel dispensers with ease through a fully integrated digital pump controller. The risk of drive-offs is reduced through built-in alerts, integrated video imagery and fuel prepayment features.

WETSTOCK AND TANK MANAGEMENT

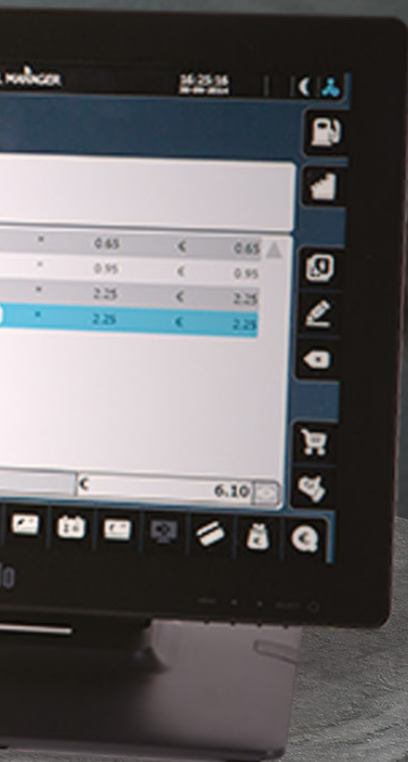

Smart wetstock management capabilities help reduce fuel losses and improve compliance. Tokheim Fuel POS helps you manage your fuel as easily as you manage your stock.

eMIS MANAGEMENT OPTION

Connect to all types of fuel dispensers with ease through a fully integrated digital pump controller. The risk of drive-offs is reduced through built-in alerts, integrated video imagery and fuel prepayment features.

INTEGRATED CARD PAYMENT

Smart wetstock management capabilities help reduce fuel losses and improve compliance. Tokheim Fuel POS helps you manage your fuel as easily as you manage your stock.

Your business is stronger...

Outdoor payment

The Tokheim Crypto VGA™ from Dover Fueling Solutions increases your options, makes your site more secure, helps reduce drive-offs and ultimately helps increase profit.

Back office

Tokheim Fuel POS connects to hundreds of local back office suppliers via an internationally recognised BOC interface. Tokheim Konnect, our advanced back office system, fully integrates with Fuel POS to deliver a seamless user experience.

Closed cash handling

Tokheim Safepay™, our closed cash handling system, replaces manual tills with recycling cash systems. Payment is counted and correct change paid automatically. It helps improve security and reduce fraud onsite.

CCTV & security

Tokheim EYE™ is a complete security solution that is fully integrated with Tokheim Fuel POS. The cashier can view images of the paying customer refuelling on their Tokheim Fuel POS screen to avoid mix-ups.

Car wash integration

Tokheim Fuel POS links directly to your Codax decoder and prints a unique 6-digit code for your customer on their receipt. Extra counter space is made available since there is no need for separate Codax Units.

Vehicle identification

Tokheim SmartFuel™ is Dover Fueling Solutions' advanced vehicle identification solution that links directly to Tokheim Fuel POS. Tokheim SmartFuel authorises the transaction through a tag fitted to the vehicle; no paperwork is required.

...connected

Support and advice from the fuel retail specialists

Tokheim Fuel POS has a powerful and in-depth set of tools to help you manage your shop and your wetstock. You and your staff can quickly find assistance through a detailed digital resource section that is integrated within the system. We know that getting the most out of your point of sale requires ongoing support. With Dover Fueling Solutions, you get quality products and professional service standards you can rely on. We have local service and support personnel in our Dover Fueling Solutions divisions and authorised service representatives around the world. We will be there with you every step of the way to ensure you get the most out of the products you choose from us.
