WAYNE HELIX™ 5000 FUEL DISPENSER, LATAM

Out to make a big impression

Powerful. Flexible. Efficient. The Wayne Helix™ 5000 fuel dispenser has a striking presence, and it means business. It's time to get noticed, for all the right reasons.

The Helix 5000 H-style fuel dispenser is ideally suited to larger forecourts with a high throughput of traffic. Its long hose reach gives it the capability to support bigger vehicles and, coupled with the option to offer multiple fuel grades, it is the perfect choice for sites wishing to support both retail and commercial fuelling operations.

Wayne Helix 5000 fuel dispenser

Core of Flexibility

The Helix 5000 fuel dispenser boasts the aesthetics and capabilities of the Helix 4000, but has greater flexibility that can handle up to four meters and up to an eight-hose configuration. This model can be purchased as a single or double-sided unit, with the option to choose either hanging or retractable hoses, depending on your business needs.
